

Empire Theatre Testimonials

"Thank you so much for a wonderful event we had in September of 2009. Everything you guys did was wonderful and handled extremely professionally. Every detail was covered to the fullest extent. The booking of the rooms went without any glitches. The service and friendliness of the staff met and exceeded our expectations. The tabletops were an intimate and effective demonstration of our products that was set up very well. The icing on the cake was the Empire Theatre. What a great venue for the wonderful history that San Antonio possesses. I am from San Antonio and wanted our guests from across the U.S. to see and flavor what Texas and San Antonio has to offer. The Valencia did nothing but give them memories that will last a lifetime in their fondest memories. Dawn did a great job in the arrangements and Jing did a fantastic job of coordinating the numerous events and venues. I strongly suggest the Valencia be considered for any convention or event as I will and have told several groups about the great experience we encountered."

"We recently held an event at the Empire theatre with all of our top executives in attendance. The venue was overly impressive and definitely exceeded a traditional conference room space. The staff at the Valencia was extremely helpful in coordinating all the details, the food was wonderful and they even accommodated us with sleeping rooms as well. They rolled it into one easy package and worked with me on our budget too. I am still getting positive feedback from all the attendees. We will definitely be back, thanks guys!"

"Our company had the pleasure of hosting our annual Sales Conference at the Empire Theater in January! We loved the venue for many reasons. Besides being a beautiful theater and well maintained, the size of the theater was perfect for accommodating our Managers, Consultants, Sales Staff and Vendors. The seating was comfortable and our speakers could be seen on stage no matter where your seat was located. We had a huge screen on stage for films and Power Point Presentations with the best sound system we have every used."

"I was amazed by the versatility of the theater. We used the Theater for our conference during the day and also used it at night for our reception and dinner. The seating was rearranged to accommodate round tables of 10 with white table cloths and centerpieces. It was well done and looked very elegant. The meal was excellent with lots of compliments from our staff."
